List of Installed Machinery/ Equipments

01 Particulars
Mig Welding Machine
Installed Qty. 10

03 Particulars
CNC Plasma/ Oxyfuel Cutting
Machine(size 16mm * 1500 * 6300)
Installed Qty. 01

05 Particulars
Pipe Cutting Machine
Installed Qty. 02

07 Particulars
Pillar Drill
Installed Qty. 02

09 Particulars
Plate Bending Machine
Installed Qty. 01

11 Particulars
Power Press
Installed Qty. 01

13 Particulars
Shaper Machine
Installed Qty. 01

15 Particulars
Painting Equipment
Installed Qty. 03

17 Particulars
Gantry Crane
(15 Ton Capacity)
Installed Qty.
01 No. Track-I 92 m long

02 Particulars
Tig Welding Machine
Installed Qty. 01

04 Particulars
Air Plazma Cutting
Machine(25mm)
Installed Qty. 01

06 Particulars
Horizontal Metal Cutting
Band Saw
Installed Qty. 02

08 Particulars
Radial Drill
Installed Qty. 02

10 Particulars
Hydraulic Press
Installed Qty. 02

12 Particulars
Lathe Machine
Installed Qty. 03

14 Particulars
Abrasive Copper Slag/
Sand Blasting
Installed Qty.
Complete Set X 02SET

16 Particulars
AirlessPainting
Equipment
Installed Qty. 01

18 Particulars
Gantry Crane
(20 Ton Capacity)
Installed Qty.
01 No. Track-II 72 m long

19 Particulars
Hot Dip Galvanizing
Installed Qty.

Job
Cooler casing.

Client
IKN engineering, Chennai.

Quality Policy

Fabromacht Metals is dedicated to quality and will strive to exceed customer expectations and excel through continual improvement. Quality is an integral part of our commitment to world-class products and customer satisfaction.

Quality Control Procedure

We utilize cost-effective and advanced technology, promote a quality culture, and empower employees to ensure everyone is responsible and accountable for achieving superior quality products and services. We emphasize problem prevention rather than problem solving.

Our quality planning includes tooling and process development, product-specific control plans, employee training, and verification and validation of all products prior to shipment to our customers.
